Overview

We are applying our patented technology platform to build a portfolio of antibody therapies and therapeutic vaccines in neurodegenerative diseases and other protein-misfolding diseases, with a focus on Alzheimer’s disease (AD), multiple system atrophy (MSA), and amyotrophic lateral sclerosis (ALS). We believe these diseases share a common biologic cause — misfolded versions of proteins, that otherwise perform a normal function, becoming toxic and killing neurons, resulting in disease. ProMIS’ technology platform enables drug discovery through a combination of protein biology, physics and supercomputing. We believe this platform provides a potential advantage in selectively targeting the toxic misfolded proteins with therapeutics or detecting them with diagnostics.

We are developing a pipeline of antibodies aimed at selectively targeting misfolded toxic forms of proteins that drive neurodegenerative diseases without interfering with the essential functions of the same properly folded proteins. Our product candidates are PMN310, PMN267, and PMN442. Our lead product candidate is PMN310, a monoclonal antibody designed to treat AD by selectively targeting toxic, misfolded oligomers of amyloid-beta. PMN267 is our second lead product candidate targeting ALS. It has been shown in preclinical studies to selectively recognize misfolded, cytoplasmic TDP-43 aggregates without interacting with normal TDP-43. Misfolded TDP-43 is believed to play an important role in the development of ALS. In light of research suggesting that misfolded toxic a-syn is a primary driver of disease in synucleinopathies such as MSA and Parkinson’s disease, our third lead product candidate, PMN442 has shown robust binding to pathogenic a-syn oligomers and seeding fibrils in preclinical studies, with negligible binding to a-syn monomers and physiologic tetramers which are required for normal neuronal function. We also have earlier stage preclinical programs and a project to refine our discovery algorithm using machine learning as highlighted in the “Other Key Projects” section below.

Since our inception, we have devoted substantially all of our resources to developing our platform technologies and the resultant antibody product candidates, building our intellectual property portfolio, business planning, raising capital and providing general and administrative support for these operations. We have principally financed our operations through public and private placements of common shares and warrants and convertible debt.

Private Placement

On August 21, 2023, the Company, entered into a Unit Purchase Agreement (the “Unit Purchase Agreement”) with certain accredited investors, pursuant to which the Company agreed to issue and sell in a private placement (the “Private Placement”) (i) 9,945,969 common share units (the “Common Share Units”), each consisting of one of the Company’s common shares, no par value (a “Common Share”) and one warrant (a “Common Warrant”) to purchase one common share (a “Common Warrant Share”) and (ii) 954,725 pre-funded units, each consisting of one pre-funded warrant (a “Pre-Funded Warrant”) to purchase one Common Share (a “Pre-Funded Warrant Share”) and one Common Warrant (the “Pre-Funded Units” and together with the Common Share Units, the “Units”). The purchase price for each Common Share Unit was \$1.88 per Common Share Unit and the purchase price for each Pre-Funded Unit was \$1.87 per Pre-Funded Unit, for aggregate gross proceeds of approximately \$20.48 million. The Common Warrants have an exercise price of \$1.75 per whole Common Warrant Share, are exercisable beginning February 21, 2024 and will expire February 21, 2029. The Private Placement closed on August 23, 2023.

The Pre-Funded Warrants were sold in lieu of Common Shares, are exercisable immediately upon issuance, have an exercise price of \$0.01 per Pre-Funded Warrant Share and expire when exercised in full. Under the terms of the Common

Warrants and Pre-Funded Warrants, the Selling Securityholders may not exercise the warrants to the extent such exercise would cause the applicable Selling Securityholder, together with its affiliates and attribution parties, to beneficially own a number of common shares which would exceed 4.99% (or, at such Selling Securityholder's option upon issuance, 9.9%), of the Company's then outstanding common shares following such exercise, excluding for purposes of such determination common shares issuable upon exercise of such warrants which have not been exercised.

BTIG, LLC (the "Placement Agent") acted as a placement agent for the issuance and sale of the Common Shares, Pre-Funded Warrants and Common Warrants. For its services, the Placement Agent received cash compensation in the amount of approximately \$934,909. The Company also issued to the Placement Agent, or its affiliates, unregistered warrants to purchase that number of Common Shares (the "Placement Agent Warrant Shares") equal to 3.0% of the aggregate number of the Common Share Units and Pre-Funded Units sold in the Private Placement (or warrants to purchase up to 327,020 common shares) at an exercise price of \$1.75 per Placement Agent Warrant Share for a term of five years from date of issue.

The Common Shares, the Pre-Funded Warrant Shares, the Common Warrant Shares and the Placement Agent Warrant Shares are being registered for resale hereunder.

Implications of Being an Emerging Growth Company and a Smaller Reporting Company

As a company with less than \$1.235 billion in revenue during our most recently completed fiscal year, we qualify as an "emerging growth company" as defined in Section 2(a) of the Securities Act as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"). As an emerging growth company, we may take advantage of specified reduced disclosure and other exemptions from requirements that are otherwise applicable to public companies that are not emerging growth companies. These provisions include:

- Reduced disclosure about our executive compensation arrangements;
- Exemptions from non-binding shareholder advisory votes on executive compensation or golden parachute arrangements;

- Our election under Section 107(b) of the JOBS Act to delay adoption of new or revised accounting standards with different effective dates for public and private companies until those standards would otherwise apply to private companies; and
- Exemption from the auditor attestation requirement in the assessment of our internal control over financial reporting.

We may take advantage of these exemptions for up to five years or such earlier time that we are no longer an emerging growth company. We would also cease to be an emerging growth company if we have more than \$1.235 billion in annual revenues as of the end of a fiscal year, if we are deemed to be a large-accelerated filer under the rules of the SEC, defined as having a public float of greater than \$700 million, or if we issue more than \$1.0 billion of non-convertible debt over a three-year period.

We are also a “smaller reporting company” as defined in the Exchange Act. We may continue to be a smaller reporting company even after we are no longer an emerging growth company. We may take advantage of certain of the scaled disclosures available to smaller reporting companies until the fiscal year following the determination that our voting and non-voting common shares held by non-affiliates is more than \$250 million measured on the last business day of our second fiscal quarter, or our annual revenues are less than \$100 million during the most recently completed fiscal year and our voting and non-voting common shares held by non-affiliates is more than \$700 million measured on the last business day of our second fiscal quarter.

You should rely only on the information contained in this document or to which we have referred you. We have not authorized anyone to provide you with information that is different. You should assume that the information contained in this document is accurate as of the date of this prospectus.

On July 8, 2022, the Company’s common shares began trading on Nasdaq under the symbol “PMN”. The Company is required to file annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K, and is required to comply with all other obligations of the Exchange Act applicable to issuers with securities registered pursuant to Section 12(b) of the Exchange Act.

RISK FACTORS

Investing in our securities involves a high degree of risk. Before you make a decision to buy our securities, in addition to the risks and uncertainties discussed below, as well as above under “Cautionary Note Regarding Forward-Looking Statements,” you should carefully consider the risk factors incorporated by reference to our most recent Annual Report on Form 10-K, as amended, and any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, and all other information contained in or incorporated by reference into this prospectus, as updated by our subsequent filings under the Exchange Act, and the risk factors and other information contained in any applicable prospectus supplement before acquiring any of such securities. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may become material and adversely affect our business. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

Risks Related to the Private Placement

Sales of substantial amounts of common shares by a Selling Securityholder, or the perception that sales could occur, could adversely affect the price of our common shares.

The sale by the Selling Securityholders of a significant number of common shares could have a material adverse effect on the market price of our common shares. In addition, the perception in the public markets that the Selling Securityholders may sell all or a portion of their shares as a result of the registration of such shares for resale pursuant to this prospectus could also in and of itself have a material adverse effect on the market price of our common shares. We cannot predict the effect, if any, that market sales of those common shares or the availability of those common shares for sale will have on the market price of our common shares.

USE OF PROCEEDS

We are not selling common shares under this prospectus and we will not receive any of the proceeds from the sale or other disposition of our common shares by the Selling Securityholders. We will receive proceeds from the exercise of the Pre-funded Warrants, Common Warrants or Placement Agent Warrants but not on the sale of the Pre-funded Warrant Shares, Common Warrant Shares or Placement Agent Warrant Shares. The Selling Securityholders will receive all of the proceeds from this offering. We will, however, receive the net proceeds of any Pre-funded Warrants, Common Warrants or Placement Agent Warrants exercised for cash. Proceeds, if any, received from the exercise of such Pre-funded Warrants, Common Warrants or Placement Agent Warrants will be used for working capital for general corporate purposes. No assurances can be given that any of such Pre-funded Warrants, Common Warrants or Placement Agent Warrants will be exercised. The Selling Securityholders will pay any underwriting discounts and commissions and expenses incurred by them for brokerage, accounting, tax or legal services or any other expenses incurred by the Selling Securityholders in disposing of the common shares. We will bear all other costs, fees and expenses incurred in effecting the registration of the common shares covered by this prospectus, including all registration and filing fees, and fees and expenses for our counsel and our independent registered public accountants.

SELLING SECURITYHOLDERS

The common shares being offered by each of the Selling Securityholders are those previously issued to the Selling Securityholders, and those issuable to the Selling Stockholders upon exercise of any of the Placement Agent Warrants, Common Warrants and Pre-Funded Warrants. For additional information regarding the issuances of the Common Shares and the Placement Agent Warrants, Common Warrants and Pre-Funded Warrants, see the description of the Private Placement in “*Prospectus Summary – Private Placement*” above.

The Selling Stockholders may from time to time offer and sell any or all of the common shares registered hereunder pursuant to this prospectus and any accompanying prospectus supplement. As used in this prospectus, the term “Selling Securityholders” includes the persons listed in the table below, together with any additional Selling Securityholders listed in a subsequent amendment to this prospectus, and their pledgees, donees, transferees, assignees, successors, designees and others who later come to hold any of the Selling Securityholders’ interests in the common shares, other than through a public sale.

The following table is prepared based on information provided to us by the Selling Securityholders. It sets forth the names and addresses of the Selling Securityholders, the aggregate number of common shares that the Selling Securityholders may offer pursuant to this prospectus, and the beneficial ownership of the Selling Securityholders both before and after the offering. We have based percentage ownership prior to this offering on 18,525,253 common shares outstanding as of September 11, 2023. The table below assumes that the outstanding Pre-Funded Warrants, Common Warrants and Placement Agent Warrants were exercised in full as of the trading day immediately preceding this registration statement was initially filed with the SEC, without regard to any limitations on the exercise thereof.

We cannot advise you as to whether the Selling Securityholders will in fact sell any or all of such common shares. In addition, the Selling Securityholders may sell, transfer or otherwise dispose of, at any time and from time to time, the common shares in transactions exempt from the registration requirements of the Securities Act, after the date of this prospectus. For purposes of this table, we have assumed that the Selling Securityholders will have sold all of the common shares covered by this prospectus upon the completion of the offering.

Except as set forth in the footnotes below, none of the Selling Securityholders has had a material relationship with us other than as a shareholder at any time within the past three years or has ever been an officer or director of one of our affiliates. Each of the Selling Securityholders has acquired (or will acquire) the common shares to be resold hereunder in the ordinary course of business and, at the time of acquisition, none of the Selling Securityholders was a party to any agreement or understanding, directly or indirectly, with any person to distribute the common shares to be resold by such Selling Securityholders under this Registration Statement of which this prospectus forms a part.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that Selling Securityholders have sole voting and investment power with respect to all common shares that they beneficially own, subject to applicable community property laws. Except as otherwise described below, based on the information provided to us by the Selling Securityholders, no Selling Securityholders is a broker-dealer or an affiliate of a broker dealer.

Under the terms of the Pre-Funded Warrants, a Selling Securityholder may not exercise the Pre-Funded Warrants to the extent such exercise would cause such Selling Securityholder, together with its affiliates and attribution parties, to beneficially own a number of common shares which would exceed 4.99% or 9.9% of our common shares following such exercise, excluding for purposes of such determination common shares issuable upon exercise of the Pre-Funded Warrants which have not been exercised. The number of common shares in the fourth column below does not reflect this limitation.

Please see the section titled “*Plan of Distribution*” in this prospectus for further information regarding the Selling Securityholders’ method of distributing these shares.

PLAN OF DISTRIBUTION

We are registering 22,128,408 of our common shares, which consist of (1)(i) 9,945,969 common shares (the “Common Shares”); (ii) 954,725 common shares underlying pre-funded warrants (the “Pre-Funded Warrants”) to purchase up to 954,725 common shares (the “Pre-Funded Warrant Shares”); and (iii) 10,900,694 common shares underlying warrants (the “Common Warrants”) to purchase up to 10,900,694 common shares (the “Common Warrant Shares”) issued by us to the selling security holders that are party to the Unit Purchase Agreement, dated August 21, 2023 (the “Unit Purchase Agreement”); and (2) up to 327,020 common shares underlying certain warrants (the “Placement Agent Warrants”) issued to the Placement Agent (as defined below) to purchase up to 327,020 common shares (the “Placement Agent Warrant Shares,” and together with the Common Shares, Pre-Funded Warrant Shares and Common Warrant Shares, the “Securities”), to permit the resale of these Securities by the holders of such shares from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the Selling Securityholders of the Securities. We will bear all fees and expenses incident to our obligation to register the Securities.

The Selling Securityholders may sell all or a portion of the Securities beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the Securities are sold through underwriters or broker-dealers, the Selling Securityholders will be responsible for underwriting discounts or commissions or agent’s commissions. The Securities may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. The Selling Securityholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. These sales may be effected in transactions, which may involve crosses or block transactions:

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- through the writing of options, whether such options are listed on an options exchange or otherwise;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales;
- through the distribution of the common shares by any Selling Securityholders to its partners, members or shareholders;
- through one or more underwritten offerings on a firm commitment or best efforts basis;
- sales pursuant to Rule 144;
- broker-dealers may agree with the Selling Securityholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

If the Selling Securityholders effect such transactions by selling common shares to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the Selling Securityholders or commissions from purchasers of the common shares for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved). In connection with sales of the common shares or otherwise, the Selling Securityholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the common shares in the course of hedging in positions they assume. The Selling Securityholders may also sell common shares short and deliver common shares covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The Selling Securityholders may also loan or pledge common shares to broker-dealers that in turn may sell such shares.

The Selling Securityholders may pledge or grant a security interest in some or all of the common shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the common shares from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending, if necessary, the list of Selling Securityholders to include the pledgee, transferee or other successors in interest as Selling Securityholders under this prospectus. The Selling Securityholders also may transfer and donate the common shares in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The Selling Securityholders and any broker-dealer participating in the distribution of the common shares may be deemed to be “underwriters” within the meaning of the Securities Act, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. At the time a particular offering of the common shares is made, a prospectus supplement, if required, will be distributed which will set forth the aggregate amount of common shares being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the Selling Securityholders and any discounts, commissions or concessions allowed or reallocated or paid to broker-dealers. The Selling Securityholders may indemnify any broker-dealer that participates in transactions involving the sale of the common shares against certain liabilities, including liabilities arising under the Securities Act.

Under the securities laws of some states, the Securities may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the common shares may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

There can be no assurance that any Selling Securityholder will sell any or all of the common shares registered pursuant to the Registration Statement of which this prospectus forms a part.

The Selling Securityholders and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the common shares by the Selling Securityholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the common shares to engage in market-making activities with respect to the common shares. All of the foregoing may affect the marketability of the common shares and the ability of any person or entity to engage in market-making activities with respect to the common shares.

We will pay all expenses of the registration of the Securities pursuant to the Registration Statement to which this prospectus forms a part; *provided, however*, that a Selling Securityholder will pay all underwriting discounts and selling commissions, if any. We will indemnify the Selling Securityholders against liabilities, including some liabilities under the Securities Act, in accordance with any registration rights agreement entered into between us and a Selling Securityholder, or the Selling Securityholders will be entitled to contribution. We may be indemnified by the Selling Securityholders against civil liabilities, including liabilities under the Securities Act, that may arise from any written information furnished to us by the Selling Securityholders specifically for use in this prospectus, in accordance with any registration rights agreement entered into between us and a Selling Securityholder, or we may be entitled to contribution.

Once sold under the Registration Statement of which this prospectus forms a part, the Securities will be freely tradable in the hands of persons other than our affiliates.

LEGAL MATTERS

The validity of the Securities offered hereby will be passed upon for us by McMillan LLP. Any underwriters or agents will be advised about other issues relating to the offering by counsel to be named in the applicable prospectus supplement.

EXPERTS

Our consolidated financial statements as of December 31, 2022 and 2021 and for each of the years then ended, incorporated by reference in this prospectus, have been audited by Baker Tilly US, LLP, an independent registered public accounting firm, as set forth in the report thereon, and is incorporated by reference in reliance upon such report given on the authority of such firm as experts in accounting and auditing. The report on the consolidated financial statements contains an explanatory paragraph regarding the Company's ability to continue as a going concern.

ENFORCEMENT OF JUDGMENTS

We are incorporated under the laws of the Province of Ontario. Some of our directors and officers, and some of the experts named in this prospectus, are residents of Canada or otherwise reside outside of the United States, and all or a substantial portion of their assets, and all or a substantial portion of our assets, are located outside of the United States. We have appointed an agent for service of process in the United States, but it may be difficult for shareholders who reside in the United States to effect service within the United States upon those directors, officers and experts who are not residents of the United States. It may also be difficult for shareholders who reside in the United States to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our directors, officers and experts under the United States federal securities laws. There can be no assurance that U.S. investors will be able to enforce against us, members of our Board, officers or certain experts named herein who are residents of Canada or other countries outside the United States, any judgments in civil and commercial matters, including judgments under the federal securities laws. There is uncertainty with respect to whether a Canadian court would take jurisdiction on a matter of liability predicated solely upon U.S. federal securities laws, and uncertainty with respect to whether a Canadian court would recognize or enforce a foreign judgment on liabilities predicated upon the securities laws of the United States.

Item 17. Undertakings.

- (a) The undersigned registrant hereby undertakes:
- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities

Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - i. Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - ii. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (j) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act, or the Act, in accordance with the rules and regulations prescribed by the SEC under section 305(b)(2) of the Act.
